# CORROSION SCIENCE

*An International Journal of the Science and Practice of Corrosion and Protection published under the auspices of the Institute of Corrosion and Centre Belge d'Etude de la Corrosion (CEBELCOR).*

This journal publishes original papers and critical reviews in the fields of pure and applied corrosion, the degradation of materials, and both surface science and engineering. It forms an important link between metallurgists, materials scientists and all investigators of corrosion and degradation phenomena.

**Publication information:** *Corrosion Science* (ISSN 0010-938X). For 2001, volume 43 is scheduled for publication. Subscription prices are available upon request from the Publisher or from the Regional Sales Office nearest you or from this journal's website (<http://www.elsevier.com/locate/corsci>). Further information is available on this journal and other Elsevier Science products through Elsevier's website (<http://www.elsevier.com>). Subscriptions are accepted on a prepaid basis only and are entered on a calendar year basis. Issues are sent by standard mail (surface within Europe, air delivery outside Europe). Priority rates are available upon request. Claims for missing issues should be made within six months of the date of dispatch.
